STAINED GLASS

BEGINNER TO ADVANCED CLASSES

Beginner Class

instructional time is a 2 hour session once a week for four weeks. Students are encouraged to come in outside of class time in the first 2 weeks to work on their glass art project as everyone works at a little different pace. Glass sculpting to your pattern design needs to be ready for next steps by week 3. Our educational approach is to set you up for success in learning the art and our beginner class focuses on skills development.

PRICING

The class fee is \$300+gst which includes instruction, use of tools & equipment, and additional studio time outside of class. Students need to purchase their glass and additional materials separately based on the pattern that they choose to create. We have a large variety of free patterns to choose from, so that everyone will get to create glass artwork that is meaningful to the creator!
